Community Reinvestment Act Regulations; Extension of Comment Period

ACTION: Joint notice of proposed rulemaking; Extension of comment period.

SUMMARY: On January 9, 2020, the Office of the Comptroller of the Currency (OCC) and the Federal Deposit Insurance Corporation (FDIC) (collectively, the agencies) published in the Federal Register a Notice of Proposed Rulemaking (NPR) entitled “Community Reinvestment Act Regulations” proposing comprehensive amendments to the rules implementing the Community Reinvestment Act (CRA). The NPR provided for a 60-day comment period, which would have closed on March 9, 2020. The FDIC and the OCC have determined that an extension of the comment period until April 8, 2020, is appropriate. This action will allow interested persons additional time to analyze the proposal and prepare their comments.

SUPPLEMENTARY INFORMATION: On January 9, 2020, the agencies published in the Federal Register an NPR proposing comprehensive amendments to the regulations implementing the Community Reinvestment Act. This is the first comprehensive amendment of the regulation since 1995.

Request for Information on FDIC Sign and Advertising Requirements and Potential Technological Solutions

AGENCY: Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice and request for comment.

SUMMARY: The FDIC is seeking input regarding potential modernization of its sign and advertising rules to reflect that deposit-taking via physical branch, digital, and mobile banking channels continues to evolve since the FDIC last significantly updated its rules in 2006. As banks adjust their business models to innovate and remain competitive, the FDIC is considering how to revise and clarify its sign and advertising rules related to FDIC deposit insurance. The FDIC is issuing this Request for Information (RFI) to inform FDIC efforts to align the policy objectives of its rules and keep pace with how today’s banks offer deposit products and services and how consumers connect with banks.

In addition, the FDIC requests information about how technological or other solutions could be leveraged to help consumers better distinguish FDIC-insured banks and savings associations from entities that are not insured by the FDIC (nonbanks), particularly across web and digital channels.
