

ADS operator participants, the total burden is estimated to be 1,920 hours per year (40 respondents × 48 hours).

NHTSA estimates that each State or local authority respondent would spend approximately 10 hours responding to this collection. Therefore, for the estimated 35 State or local authority participants, the total burden is estimated to be 350 hours per year.

The total burden for the entire information collection request is estimated to be 2,270 hours (1,920 hours + 350 hours). The total burden hours have been reduced from the original estimate of 2,520 when the agency first sought approval for this information collection because of the lower estimated participation. However, the agency believes the annual hours per respondent has not changed.

The labor cost associated with this collection of information is derived by

(1) applying the appropriate average hourly labor rate published by the Bureau of Labor Statistics, (2) dividing by either 0.705² (70.5%), for private industry workers, or 0.619 (61.9%), for state and local government workers, to obtain the total cost of compensation, and (3) multiplying by the estimated burden hours for each respondent type.

Labor costs associated with original manufacturers of ADS Vehicles or ADS vehicle equipment and operators of ADS vehicles are estimated to be \$60.48 per hour for “Project Management Specialists,” Occupation Code 13–1082, (\$42.64³ per hour ÷ 0.705). The labor cost per private industry respondent for each year for development and submission of information is estimated to be \$2,903.04 (\$60.48 × 48 hours). Therefore, the total annual labor cost for private industry to participate in the AV TEST Initiative is estimated to be

\$116,121.60 (\$2,903.04 × 40 respondents).

Labor costs associated with local and regional authorities, such as states, counties, and cities are estimated to be \$66.79 per hour for “Legal Support Workers,” Occupation Code 23–2099, (\$41.34⁴ per hour ÷ 0.619). The labor cost per regional authority respondent for each year for development and submission of information is estimated to be \$667.90 (\$66.79 × 10 hours). Therefore, the total annual labor cost for regional authorities to participate in the AV TEST Initiative is estimated to be \$23,376.50 (\$667.9 × 35 respondents).

The total annual labor costs for all respondents, private industry and regional authorities together, are estimated to be \$139,499 (\$116,122 + \$23,377). See Table 1 below for a summary of estimated burden hours and estimated labor costs.

TABLE 1—SUMMARY OF ESTIMATED BURDEN HOURS AND ESTIMATED LABOR COSTS

Respondent type	Number of respondents	Annual hours per respondent	Labor cost per hour	Annual labor cost per respondent	Total estimated burden hours	Total annual labor costs
Original Manufacturer of ADS Vehicles or ADS Vehicle Equipment and Operators of ADS Vehicles	40	48	\$60.48	\$2,903.04	1,920	\$116,122
State or Local Authority	35	10	66.79	667.900	350	23,377
Total All Respondents	75	2,270	139,499

Estimated Total Annual Burden Costs: NHTSA estimates that there will be no costs to respondents other than costs associated with burden hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (b) the accuracy of the Department’s estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.
