

BANKING ISSUANCES

Comptroller of the Currency
Administrator of National Banks

Type: Examining Bulletin

Subject: Interagency Common Core Report of
Examination

TO: All Examining Personnel, OCC Department and Division Heads,
and Chief Executive Officers of National Banks

PURPOSE

Attached is an Interagency Policy Statement announcing the agreement reached by The Office of the Comptroller of the Currency, the Federal Reserve Board, the Federal Deposit Insurance Corporation, and the Office of Thrift Supervision to implement a common core report of examination (ROE) by year-end 1993. The new ROE format provides for greater consistency in the information contained in the agencies' reports.

This ROE represents a change for each of the agencies in the type and format of information that is recorded. To accommodate these changes for the OCC, the Office of the Chief National Bank Examiner and the Supervisory Research Division have been working together to develop a model for downloading certain required numerical and statistical data into reports of examination.

All examiners will receive detailed instructions on the use of the model and other information requirements of the ROE during the fourth quarter 1993. We expect to begin using the new ROE format for all examinations that start after December 31, 1993.

For further information, contact Irene Katz, Office of the Chief National Bank Examiner (202) 874-5170, or Tom Treichler, Supervisory Research Division, (202) 874-5630.

Donald G. Coonley
Chief National Bank Examiner
