Affected Public: Individuals or households; Businesses or other for-profit.

Type of Review: Revision of a currently approved collection.

Estimated Number of Respondents:
Section 307(c) of the Gramm-Leach-Bliley Act (GLBA) requires the appropriate agency to consult with the appropriate state insurance regulator prior to making any determination relating to the initial affiliation of, or the continuing affiliation of, a depository institution with a company engaged in insurance activities. As a result, the agencies propose to add an item to the form to collect information regarding the name of an affiliated insurance company, a description of its insurance activities, and the name of the state in which the company is domiciled or in which it has a resident license. Additionally, the General Instructions contain technical corrections to make them uniform with the proposed revisions to the “Interagency Charter and Federal Deposit Insurance Application” form.

Further, the OCC is making a change to its Business Combinations booklet of the Manual by adding the interagency application form and providing updated information about filing for a merger. These changes are not material and are technical in nature. These changes are an administrative adjustment, and do not change, in any way, the requirements on national banks.
